

About Me

Hello, my name is Menelaos, I am on my 4th year of studying Electrical Engineering and Computer Engineering at University Of Thessaly

Before that, I was studying at Meliki Imathias Highschool, using scratch and LOGO (the one with the turtle), making projects about Erasmus and practising my English degree.

Apart from being a student, I enjoy being outdoors, going to field trips and working out. Coffee with friends at the beach is also an interest. When I am home, I enjoy spending time watching movies either serious or comedy depending on the mood.

Skills

Soft Skills

✓ Cooperative

Menelaos Kokaras

Specialization:

Software Engineer

Studies:

University of Thessaly

Location:

Volos, Thessaly
